Answers will vary.

Activity 7, page 117

Answers will vary.

Activity 8, page 118

Possible answers:

1. are adding more computer engineering courses
2. social media
3. people should be prepared
4. rigorous training programs
5. smoking
6. they may not be comfortable with face to face interaction
7. people are spending more money

Activity 9, page 119

1. Zach was giving his presentation when his cell phone went off. (past progressive for the action that was in progress; simple past for the action that interrupted the one in progress)
2. Dr. Silva researched the connection between stress and health until she retired. (simple past for both verbs because they are completed past actions)
3. The increase in housing construction has created a number of new jobs. (present perfect for a completed action that is important in the present)
4. The online sale had already ended by the time Emir decided to purchase the tablet. (past perfect for an action that happened before the action in the simple past)

5. There have been several days of record heat this year. (present perfect for repeated states in the past that may repeat in the future)

Activity 10, page 119

Possible answers:

1. there was a great deal of flooding
2. had checked the plane three times
3. was working on her final project
4. have migrated in the past decade
5. social media has grown dramatically

Activity 11, page 120

1. has
2. led
3. needed
4. has grown
5. has had

Activity 12, page 121

1. for
2. At
3. on
4. of
5. in
6. in

Activity 13, page 122

Answers will vary.

Activity 14, page 122

- a. According to Mark Twain, “the only way to keep your health is to eat what you don’t want, drink what you don’t like, and do what you’d rather not.”

Activity 15, page 123

1. For instance
2. also
3. so that
4. In addition
5. Another
6. Thus

Activity 16, page 124

3 People who take care of themselves enjoy psychological **beneficial** **benefits**. For example, regular exercise produces endorphins, which are the body’s natural way to lift one’s mood. Better nutrition means that ~~they~~ **people** are also better equipped to deal with the stress of day-to-day life. Because of the effects that their healthy choices ~~has~~ **have** on their bodies, people with ~~the~~ **a** healthy lifestyle generally feel better about themselves. Most importantly, people who ~~takes~~ **take** care of themselves agree that they feel better about themselves because they have more self-confidence.

4 Taking proper care of one’s health also leads to ~~better~~ **a better** social life. The confidence that a person gains from feeling healthy and in shape ~~improve~~ **improves** his or her social and business relationships. Because health-minded people

engage in a variety of physical activities, they ~~had increased~~ **increase** their chances of meeting other people. For example, many people ~~makes~~ **make** friends at the ~~locally~~ **local** gym. Similarly, someone who goes to ~~beach~~ **the beach** frequently to play volleyball greatly increases his or her chances of meeting people. Since people who pursue a healthy lifestyle ~~were feeling~~ **feel** better about themselves, they are more likely to have satisfying social lives.

Activity 17, page 125

1. makes
2. to
3. are
4. changing
5. do not
6. their
7. until
8. While
9. healthy
10. are

Activity 18, page 125

1. physical, psychological, and social benefits
2. effects
3. a. lower risk of disease, b. live longer, c. have better skin
4. categorically
5. Thesis statement: In fact, there are physical, psychological, and social benefits to living a healthy lifestyle.; It is in the last sentence of the concluding paragraph. (While pursuing a healthy lifestyle may require a good deal of time and energy, the physical, psychological, and social benefits are well worth the effort.)

BUILDING BETTER VOCABULARY

Activity 19, page 126

1. knowledgeable about
2. general idea
3. very dangerous
4. a discussion
5. work hard at
6. cause (note: *effect* may also be considered correct. *Result in* means to *cause*, and *result in* leads to an *effect*.)
7. danger
8. only
9. different
10. huge

Activity 20, pages 126–127

1. go over
2. transform
3. satisfying
4. confidence
5. participate in
6. pattern
7. risk
8. specific

UNIT 6 Comparison Essays

ELEMENTS OF GREAT WRITING

Activity 1, page 134

2. Laptop and Desktop Computers
4. Growing Up as an Only Child and Growing Up with Siblings
5. Male and Female Bosses

Activity 2, pages 137–138

- I. Introduction
- II. B. 1. Location
- II. B. 2. names
- III. A. Chicago
- III. B. Miami
- III. B. 2. temperature
- IV. comparison
- IV. A. 3. Effects
- IV. B. 2. hurricanes

Activity 3, pages 138–140

1. The purpose of this essay is to compare weather in Chicago and Miami.
2. point-by-point
3. Hook: What constitutes a desirable climate to live in? Type of hook: question
4. Thesis statement: Two U.S. cities that illustrate this are Chicago and Miami, large urban areas whose climates could not be more different.; yes.
Thesis restated: It is clear that each city's climate is different.
5. Topic sentence 1: The first difference is the number of seasons.
Topic sentence 2: Another difference is the extreme temperatures in both cities.
Topic sentence 3: Finally, Chicago and Miami have different kinds of severe weather.
Each topic sentence states one of the differences in climate between the two cities.
6. an opinion

Activity 4, page 141

Answers will vary.

Activity 5, pages 142–143

Answers will vary. Possible answers:

1. Both Riyadh and Dubai have stunning architecture
2. Residents of Los Angeles rely on their cars. Conversely, New Yorkers rely on public transportation
3. While large cities offer cultural entertainment and a variety of shopping, small towns are often friendlier
4. Traveling by plane can be stressful. On the other hand, traveling by ship is relaxing

5. France produces wonderful cheeses. Similarly, Italy is known for its excellent cheeses

Activity 6, page 144

1. better
2. longer
3. more difficult
4. hottest
5. more casual
6. more quickly
7. most impressive
8. worst
9. snowiest
10. the same

Activity 7, page 145

Answers will vary. Possible answers:

1. transportation, hotels
2. fun activities
3. water supply, wildfires
4. temperatures fall, trees lose leaves, people stay inside
5. manage their time well, get enough sleep, limit distractions
6. Los Angeles, weather, food, attractions

Activity 8, page 145

1. office supplies
2. The sentence is correct.
3. more sharply than
4. the most important
5. healthier
6. better public transportation

Activity 9, page 146

- a. Have you ever wondered what it would be like to pilot a plane?

Activity 10, page 147

1. As
2. Both
3. For example
4. also
5. Another
6. instance
7. In addition
8. even though

Activity 11, page 148

4 Both types of planes have similar parts as well. Both have a throttle that controls the **speedy speed** of the plane. Both are ~~using~~ **use** a rudder on the vertical tail fin that steers ~~plane the plane~~ left and right while in the air. In addition, real airplanes and model airplanes ~~uses~~ **use** ailerons on the wings, allowing the planes to move to the left or to the right. In a real airplane, a foot pedal steered **steers** the plane left and right while in the air and guides the plane left and right while it is sitting on the ground. Similarly, a remote-controlled switch ~~accomplish~~ **accomplishes** the same left-right motion on a model airplane.

5 The average person is ~~surprisingly~~ **surprised** to find that there are so many similarities between model airplanes and ~~flying real airplanes~~ **real airplanes**. Just like a real plane, a model airplane requires pre-flight procedures, ~~how it operates~~ **operates** on the same principles of physics, and has similar parts and systems. Although it is not exactly the same as the original, ~~A~~, a model airplane is quite close to it. Like flying on real planes, flying model planes will likely continue to be a popular activity in the years to come.

Activity 12, page 148

1. The purpose of this essay is to compare model airplanes with real airplanes.
2. pre-flight procedures, the physics of flying, and parts/systems
3. point-by-point
4. Thesis statement: In fact, the experience of flying a model airplane is remarkably similar to piloting a real plane.; yes (Although it is not exactly the same as the original, a model airplane is quite close to it.)

7. S
8. C
9. C
10. CX

Activity 7, page 168

Answers will vary. Possible answer:

Preventing Head Injuries in Sports

Many sports such as football, hockey, soccer, and rugby, involve physical contact. Kids who play these sports often hit their heads and get concussions. Too many concussions cause brain damage. There are two solutions to this problem. First, sporting authorities can change the rules to reduce physical contact. For example, a rule could forbid tackling. Second, athletes can use better safety equipment. For example, rugby players could be required to wear headgear.

Activity 8, pages 169–170

1. The purpose of this essay is to present solutions to the problem of students' poor time management.
2. Students struggle because they are ill-equipped to handle their time wisely. This can impact grades, happiness, and health, and it can be a barrier to success.
3. planning their schedule and limiting distractions
4. break studying up into chunks; plan out the week in advance/budget time each day; do important things first
5. limit the number of hours spent on social media and on watching TV each day; avoid social media until after important tasks are done
6. Answers will vary. Possible answer: the second solution because it provides more facts

Activity 9, page 171

Answers will vary. Possible answer:

It seems that every day, the number of distractions is increasing and the amount of time is decreasing. There is no question that social media has greatly enriched people's lives. When too much time is spent on distractions, however, accomplishing tasks becomes more and more difficult, especially for students. In addition, students need to realize that time is a limited resource and plan their time wisely. In sum, poor time management prevents students from being successful, both in school and in their lives. Luckily, this barrier can be overcome rather easily by following these simple recommendations.

BUILDING BETTER VOCABULARY
